**DESCRIPTION OF REPORT:** The Vail Taxable Sales Report is a monthly ("Foundation") and seasonal ("Seasonal") report of taxable sales in Vail Village and Lionshead neighborhoods of Vail, tracking consumer spend at Retail, Restaurant and Lodging businesses in both locations ("neighborhoods") and in aggregate. The report is based on financial data provided by the town(s) included in the report. Details follow:

**FOUNDATION REPORT:** The foundation report is a monthly report comprised of 4 sections focusing on Vail Village and Lionshead neighborhood data, and conveying (a) Retail, Restaurant and Lodging sales by segment and in aggregate, (b) Retail sales by neighborhood and in aggregate, (c) Restaurant sales by neighborhood and in aggregate, and (d) Lodging sales by neighborhood and in aggregate. All data are derived from Town of Vail taxable sales reports and are as-of the most recent date for which data are available.

**SEASONAL REPORT:** The seasonal report is produced 2 times annually, in approximately July and January (data-dependent) and is an expansion of the Foundation Report described above. The seasonal report is intended to provide the client with competitive information both within Vail and with Vail's competitive set for the Summer (May - October) and Winter (November - April) seasons. In addition to the Foundation data, the Seasonal Report includes a comparative analysis of All Vail Neighborhood aggregate sales versus the same data from Aspen, Breckenridge and Steamboat Springs.
